U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
On October 19, 1975
- Export shipments in
Current Marketing Year
- Daily Sales reported
October 20 - 28, 1975

--As Reported by Exporters

Readers of this release are cautioned that it reports sales commitments outstanding as of the date indicated, all of which are subject to modification, deferral or cancellation by mutual agreement of the parties. It is unlikely that all reported quantities will be exported. Our experience with this monitoring system suggests that sales are apt to exceed exports, sometimes by substantial amounts, during periods when supplies are in balance with expected demand. Actual shipments to date may provide a more reliable measure of current export activity. A meaningful export projection is not obtainable by the simple device of adding outstanding sales commitments to exports to date.

EXPORT SALES REPORT

Comments on release of October 30, 1975 (based on reports from exporters during the week ending October 19, unless otherwise noted):

HIGHER U.S. GRAIN EXPORTS AND LOWER USSR GRAIN PRODUCTION:

The United States, on October 28, raised both its wheat and feedgrain export projections for 1975/76 to reflect further deterioration of the grain crops in some importing countries, particularly the Soviet Union. U.S. wheat exports are now projected to be in a range of 1.3 - 1.4 billion bushels, and corn exports within a range of 1.4 - 1.5 billion bushels.

The U.S. Department of Agriculture, on October 24, lowered its estimate of 1975/76 USSR grain production to 160 million metric tons (MT): 75 million MT of wheat, 73 million MT of coarse grains, and 12 million MT of miscellaneous grains. This new estimate, reflecting a poorer than anticipated harvest in Kazakhstan, is 10 million MT below the estimate of October 9 and about 35 million MT below the 1974/75 crop. Total grain imports during the current July-June season are now projected at about 27 million MT.

Wheat: The apparent export commitment (cumulative exports plus outstanding sales) for 1975/76 increased by 639,700 MT. Some of the higher commitments were to Bangladesh (110,000 MT), India (224,500 MT), and the Republic of Korea (79,500 MT). U.S. commitments to India through October 19 totaled 2.6 million MT. Commitments to the USSR increased by 118,600 MT, again reflecting changes from previously reported optional origin sales, not new sales.

Since October 19, sales totaling 254,000 MT of white wheat to India for January-February 1976 delivery have been reported under the daily reporting system.

Feedgrains: The apparent export commitment for 1975/76 increased by 734,500 MT to a total of 15.0 million MT. Total corn commitments increased by 693,900 MT; with major increases to the European Community (193,500 MT), Spain (149,600 MT), the USSR (128,300 MT, all from previously reported optional origin sales), and to unknown destinations (155,900 MT). Sorghum commitments increased by 53,700 MT.

Three corn sales totaling 1.2 million MT to the USSR have been reported since October 19 under the daily reporting system. Of that total, 700,000 MT are for January-June 1976 delivery (with 400,000 MT of optional origin) and the remainder for October 1975-August 1976 delivery.

Soybeans: The apparent export commitment for the 1975/76 marketing year increased by 181,700 MT during the week ending October 19. Major increases

occurred to the Netherlands (98,000 MT), Italy (52,100 MT), France (40,600 MT), Japan (30,900 MT), and Taiwan (20,200 MT). Export commitments to unknown destinations were reduced by 92,900 MT.

Soybean Oilcake and Meal: The apparent export commitment increased by 20,300 MT. Commitments to the EC increased by 50,000 MT. There was a 42,800 MT decrease in commitments to unknown destinations.

Soybean Oil: The apparent export commitment decreased by 15,600 MT. The decrease was primarily due to decreases in commitments to Iran.

Cottonseed Oil: The apparent export commitment increased by 4,700 MT, due primarily to an increase in commitments to unknown destinations of 5,000 MT. The only exports during the week were 4,600 MT to Venezuela.

Cotton: The apparent export commitment for Upland cotton in 1975/76 dropped for the third consecutive week as cancellations exceeded new sales by 7,000 bales. Cancellations again were mostly by Japan and Switzerland. Upland exports, at 56,000 bales, were about in line with the 60,000 bale per week average for the first 11 weeks of the marketing year.

Though U.S. prices had adjusted downward and were more closely in line with competitive growths, the differential was still too large to bring about a significant change in the U.S. sales situation.

OUTSTANDING EXPORT SALES AND EXPORTS - 1975/76 MARKETING YEAR
